NOTE

Please note that booking process for flight tickets is different from that of train tickets. Flight ticket prices vary continuously, even changing many times during the day. So we can't guarantee that the price we quote will be the same when you send the confirmation, so please confirm as soon as possible.

We also need the full payment in advance for flight tickets due to the different cancellation policy of airlines (some cheap flights cannot be cancelled). We will make a non-binding reservation of your seats first and send you an invoice. After receiving your payment, we will confirm the booking by making the payment to the airline. Please note the price may continue to vary until we confirm the booking by making the payment. So we need to receive your payment as soon as possible, otherwise there is a price risk.
